**H & M Accountants – Testimonial**

It is with great pleasure that I provide this testimonial in support of H&M Accountants.

H&M Accountants have provided business and corporate consultation and advice to HunterNet Co-Operative since its inception twenty one (21) years ago. Further, H&M Accountants have advised the HunterNet Group Training Company since its commencement seventeen (17) years ago.

More specifically, HunterNet has benefited from H&M Accountants support in the areas of:

- Business advisory services
- Superannuation
- Taxation planning and advice; and
- Business and financial planning.

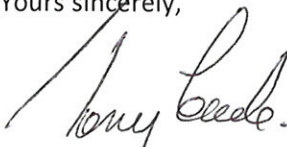

The close relationship that HunterNet has enjoyed with H&M Accountants is evidenced by the appointment of one of its partners, Mr Denis Hancock, as Corporate Financial Advisor to both the Co-Operative and Group Training Boards of Directors.

H&M Accountants have played an integral role in the ongoing growth and success of HunterNet and many of our members businesses. On a daily basis, H&M Accountants 'go the extra yard' to exceed our expectations in terms of client support and services.

Put simply, I can not envisage a time where HunterNet would consider partnering with another service provider. H&M Accountants are a part of HunterNets organisational fabric and we consider our alliance to be 'ever green'.

It would be my pleasure to speak further on H&M Accountant's skills, capabilities and professionalism should this be required.

Yours sincerely,

Tony Cade  
Chief Executive Officer
